Are You Smarter Than A Recruit Firefighter?

Category: Daily / Weekly / Monthly Duties

Our veteran firefighters will lead today's drill discussing the routine events that must take place on regular schedules in order to make sure we are ready for every alarm. Discuss the levels of inspection, the documentation of inspection and routine events that also are on-the-job training events.

"I know you are fresh out of recruit school but I never want you to take daily equipment checks for granted." Your life and the lives of those we serve depends on everything being in good working order and our operations as a team rely on it.

Drill Tip

Veterans should do a "walk-through" of the check procedures for each item to instruct the recruit on what needs to be checked and how the department expects this to be completed.

Item / Description of Check Procedure	Daily	Weekly	Monthly
Personal PPE			
SCBA Equipment			
Pumps			
Ladders / Aerial Ladders			
Hose / Nozzles			
Tools and Equipment			
Electrical Equipment / Generators
